FACULTY

Dedicated Faculty Helps to Sculpture Minds of Students

A masterpiece is created only through the devotion and hard work an artist puts forth. Brother Rice students are educated in a similar manner thanks to the dedication that the administration and faculty possess. Every student is treated as a unique entity capable of being developed as an ultimate masterpiece.

The 1978-79 faculty is recognized for developing such masterpieces through perfection in academics and athletics. Because of the devotion exhibited by the staff, students benefit not only from the facts they have learned but also from the numerous experiences they have had. Faculty members are actively involved in the formulation and execution of many extracurricular activities. This adds to the deep relationship between student and teacher, and contributes to the special atmosphere for which Brother Rice is known.

The special formula which produces this combination of knowledge, Christianity, and leadership throughout every program at Brother Rice is still unknown. The unique features might be lost if the mystery were to be solved. Whatever the answer, the teachers are the major element in the development of each student's mind, soul, and body, and the successful creators of each individual masterpiece. This makes Brother Rice a truly exceptional institution.

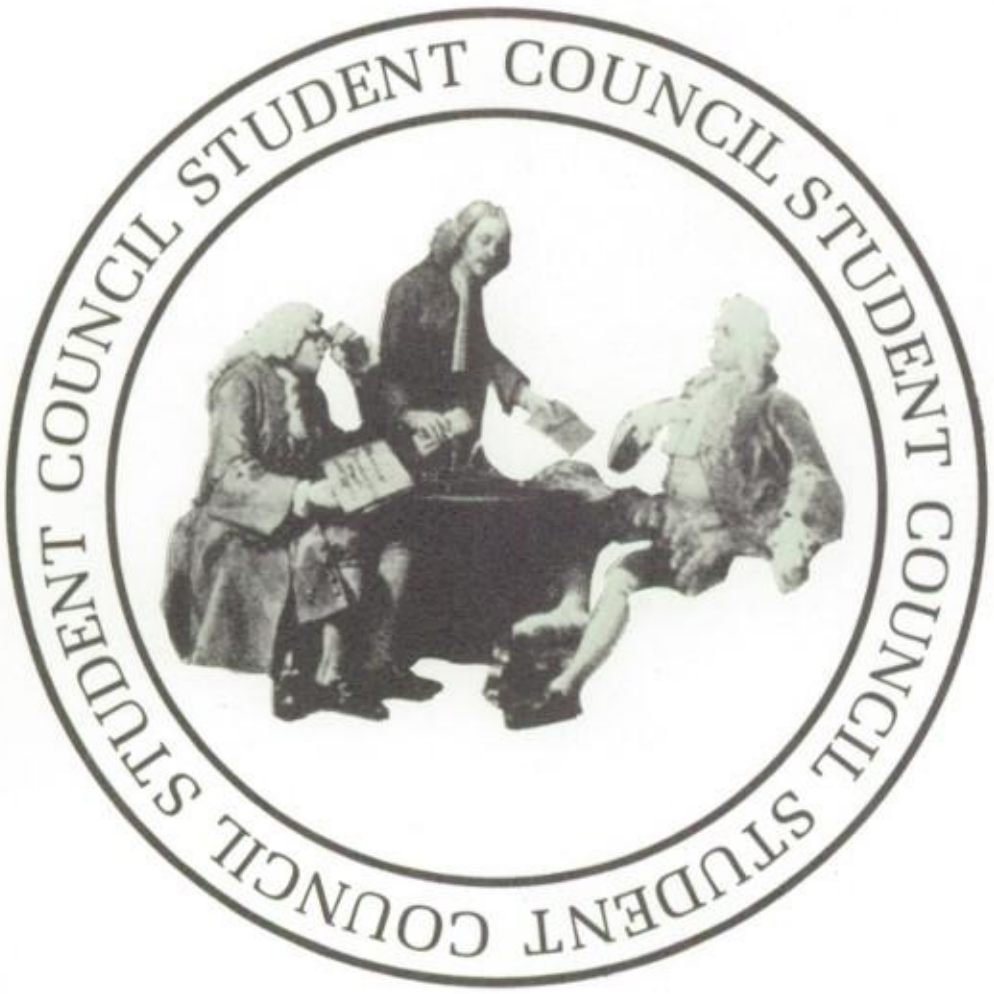
CLUBS and ORGANIZATIONS

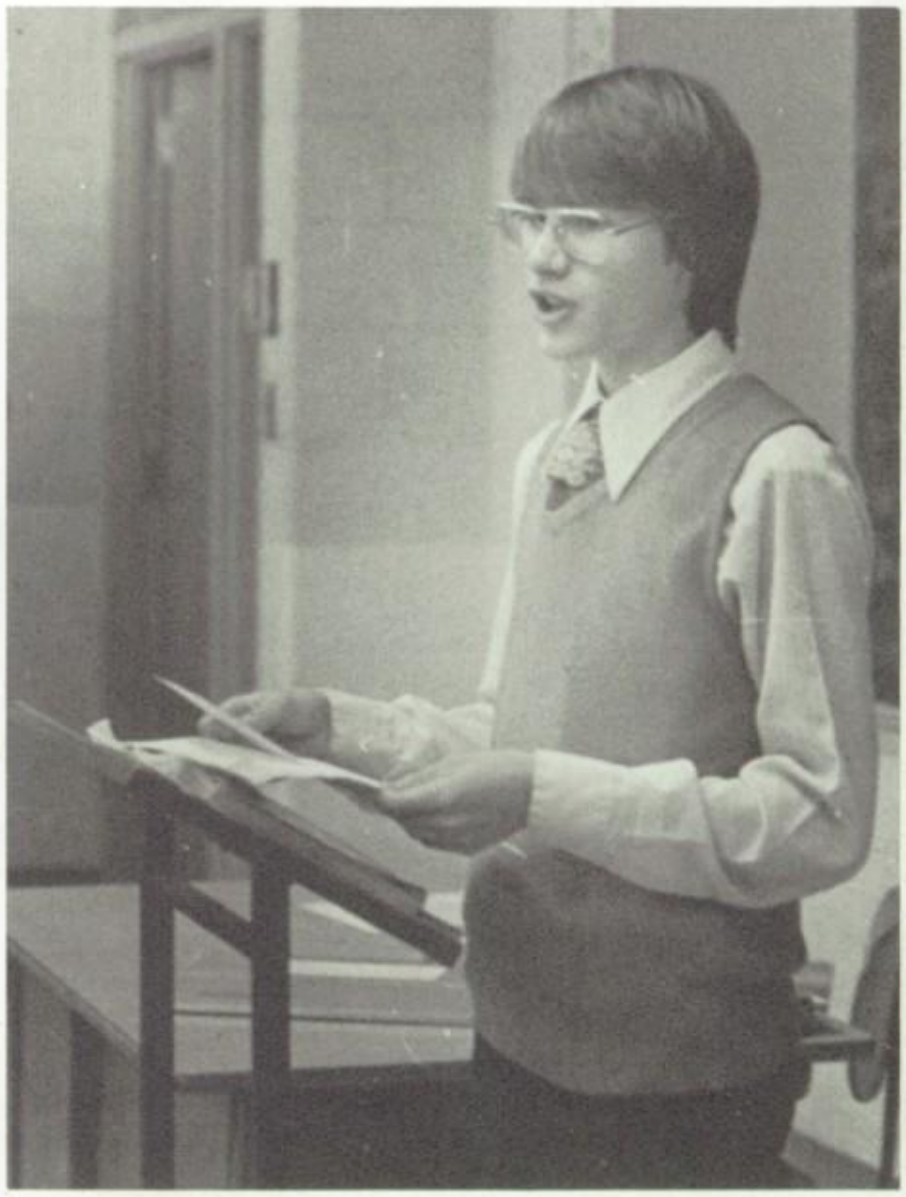
New Constitution Highlights Successful Year of Student Council Involvement



The 1978-79 Student Council was greatly involved in the school during the past year. This group of dedicatd individuals, headed by President Mike Groves, Treasurer Brian Wenger, Secretary Fred MacDonald, and Moderator Br. Robert Koppes, organized and ran many successful activities.

The year actually began in August with a new program for Council members, the Gabriel Richard Leadership Course. The first positive action by the Council was Field Day '78, run by Chairman Fred MacDonald. Although hampered by bad weather, the competition was exciting and the day an outstanding success. The next event on the calender was Rice-Marian Weekend, four days of fun and spirited activities. The traditional Red Cross Blood Drive at the year's end drew record numbers of students eager to donate for a worthy cause. The biggest event of the year, however, was the adoption of a new constitution in January. The main objective of the constitution was to promote involvement in the student government. It did just that.

"Involvement" was the key word for the 1978-79 Student Council. The work of its members made this year a success and upheld Rice's dynamic spirit.



THIS PAGE: Above, Senior John McGrath emcees Frosh Fun Night, a Student Council affair to help get freshmen involved. THE 1978-79 PEP CLUB MEMBERS: John Harber, Tim Timmis, John Diggs, Bob Carey, Josh Gerak, Don Butler (MISSING: Terry Dilworth) are caught in a moment of inactivity.

Pep Club's Efforts Uplift Rice's Spirits

The 1979 Pep Club will go down in Rice history as one of the best pep clubs ever. Numerous posters proclaiming many different slogans donned the school hallways before football, basketball and even some hockey games. The imaginative phrases caught the eye of everyone in the school.

This year's Pep Club consisted of a body of spirited individuals. Josh Gerak, Donald Butler, Bob Carey, Tim Timmis, Terry Dilworth and John Diggs were the main force behind the success of the club. Other students helped out, however, including Tom McLaughlin, a very talented artist.

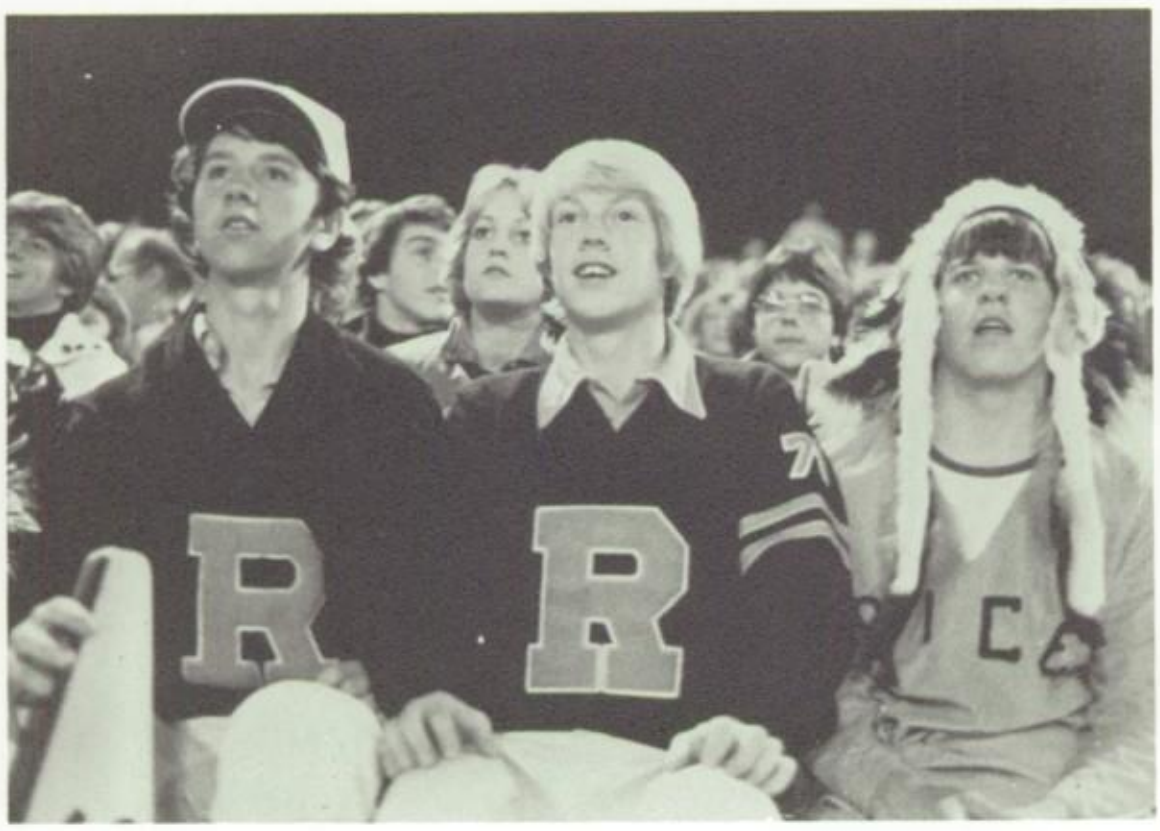
Without a doubt, involvement in the 1979 Pep Club brought it to be an organization that inspired enthusiasm throughout the whole student body.

Rice Cheerleaders Get Fans Involved

The 1978-79 Brother Rice cheerleaders were put on the spot early in the school year. Their first assignment was the tough Barberton game. Right from the start, the Rice fans, led by the cheerleaders and the pep band, outyelled and outcheered the ten-thousand Barberton fans, in Rice's biggest victory.

The rest of the athletic year was no different. Because of Rice's continuous winning tradition, the cheerleaders were under constant pressure to keep the spirit and support of the crowds high. They handled this difficult task very well throughout the football and basketball seasons.

This dedicated group, which was captained by Josh Gerak and Andy Montgomery, clearly upheld the spirit and enthusiasm of Brother Rice.



THIS PAGE: Top, Josh Gerak and Chris Secontine lead the rousing "Out in the Park" cheer during the Borgess game. Above left, the cheerleaders attempt to stir up the sparse crowd at U. of D. Rice-Marian Choirs Are Right on Key In Concert Billings

The Brother Rice-Marian chorale program has made great advances since Mr. Walsh took over as director last year. Mr. Walsh has molded the 1978-79 program, consisting of the Beginning Choir, the Concert Choir, and the Madrigals, into a fine organization.

Although few in number, the Beginning Choir is large in spirit and enthusiasm. These underclassmen performed admirably throughout the year, despite their inexperience. The Concert Choir, the largest group of singers, is composed of experienced and talented voices. They represented Rice and Marian in competition and at the Christmas and Spring concerts. The Madrigals is a small group of elite vocalists whose performances are always of the highest quality.

THe 1978-79 Rice-Marian chorale program is another fine example of the school's artistic endeavors.

Versatile Band Provides Medley of Entertainment

During a year of hard work and practice, the 1978-79 Band followed the tradition of active and diverse participation, while at the same time, added new dimensions to further its achievements.

Once again, the Band was led by an experienced faculty, with Mr. James S. Collins directing, and Br. Charles D. McKenna acting as moderator. However, the staff added a new member, namely Mr. Kenneth Henning, who added unique designs to the Band's half-time shows and helped conduct at performances as well as rehearsals.

Despite innovations, the Band's activity continued as it has in the past. The Berkley Christmas Parade and the Christmas Concert followed an extended football season. In the second half of the year, some Rice musicians participated in solo and ensemble competition and the Band as a whole took part in The Michigan School Band and Orchestra Festival. The Concert Band gave an informal mid-winter recital, another first, in the long stretch between Christmas and the annual spring performance.

The 1978-79 school year was one of the most successful for the Brother Rice Band due to the special combination of talented freshmen musicians, the older, more experienced Band members, and an established yet creative faculty. Together, they not only provided several forms of entertainment for Brother Rice and other communities, but also sharpened their own individual musical skills.

Lively Jazz, Pep Melodies Ring Out

A Pep Band is created to boost spirit and involvement at football and basketball games. This year's group went above and beyond that duty, braving cold weather at some games and even traveling all the way to Barberton, Ohio, to support the Warriors. Its members contributed greatly to crowd enthusiasm with their energetic music and cheering.

Another specialized group, the Jazz Band, concentrated on both contemporary and older jazz and rock pieces. A select group of eighteen members, the musicians included the best of the Concert Band as well as students not regularly involved in the music program. Representing some of the finer artisitic efforts in music at Brother Rice, the Jazz Band's spring performance and others were truly exceptional experiences.

Einsteins Developed In Directed Studies

Directed studies at Rice enabled students interested in the sciences to pursue further studies outside of school time. The classes met once a week and students progressed at their own rate.

Dr. John Gerlock, a chemist with Ford, taught the organic chemistry class. During this time, the class would perform labs, such as distillations and recrystallizations, or listen to lectures. Besides the material covered, the course gave students exposure to college level classroom.

In the spectrophotometry course, designed by Ms. Diehl, students performed experiments used to determine various concentrations of substances in solutions by their absorbance of certain frequencies of light. Students are exposed to ecological and industrial work in their labs.

Br. Haas supervised the electronics students as they worked on power supplies, electronic meters, and a six transistor radio. While assembling such devices, the students learned the use of oscilliscopes, vacuum tubes, volt meters and other electronical instruments.

Chieftain Fosters Fine Journalism

Several conventional and inspirational changes took place on the *Chieftain* Staff this year. At the beginning of the year, the staff was divided into faction which initiated the creation of an "editors board." This, in turn, developed a section for each editor to manage. Individual leadership made it possible to have a wider scope of information and talent to encompass the newspaper. This also enable the staff to release the *Chieftain* on a bi-weekly basis, which provided updated and creative news for the students and faculty.

Journalism, a minute but essential part of art, is needed to clear the mind of throbbing problems and add new dimensions to the soul and Man's entire being.

This year's newspaper, under the direction of editors Dave Bodette and Rob Sulewski and Moderator Mr. Marcel Gagnon, did that and more. It promoted excellent journalism and was open for all to express their opinions or writing technique. It was an organization by, of, and for the people of the school. The 1978-79 *Chieftain* definitely furnished provacative, enteratining, and worthwhile news for everyone at Brother Rice.

Bottom right, Jeff Klein lets out a cry of despair as Brian Gould tells him three senior spreads are due.

In mid-August, most of the 1979 *Quest* staff got their first taste of yearbook at a week-long workshop. But their inexperience did not hamper the group for long. Given just about full discretion over the book, and loaded with new ideas, the staff soon proved itself to one of the most talented, innovative, and hard-working in the yearbook's history. Despite early setbacks with materials and mysteriously spotted film, the crew continued to exceed strict deadlines set by the printer through diligence and determination.

The task of these industrious students was not modest by any means. They set out to record a year in the history of Brother Rice High School, with all of its highs and lows, its remarkable achievement, and its tremendous student involvement, all incorporated into the unique spirit that makes Brother Rice what it is. The yearbook staff looked at and presented this high school experience through a totally different approach which added novelty and interest to the book's content. True to their theme, the group presented a really artistic work, carved from the people and happenings of the 1978-79 school year and polished by their own capabilities and imaginations.

Oratory Skills Strengthened Through Old World Acts of Debate, Forensics

As in past years, the students of Brother Rice, through Debate and Forensics, have proven themselves worthy competitors in the classic art of oration.

In Debate, Moderator Mr. Gerald Bluhm guided the varsity and novice teams to successful years. Because of a late start, the novice team did not qualify for any important tournaments, however, they did benefit from their short season by learning the intricacies of debate. The varsity team, composed of Juniors Bob Carey, Mike Neus, Tony Simonelli, Steve Abowd, and John Raleigh maintained the excellence of last year's state champs. The team made the semi-finals of the Wayne State Tournament and took first place in the District Tournament, qualifying for the state competition. In the Michigan Class B Tournament, the debators went into the quarter-finals and eventually finished fifth in the state.

Forensics, the forum for all types of public speaking, was coached by both Mr. and Mrs. Bluhm. Students participated in categories ranging from Dramatic Imterpretation to Impromptu Speaking. This year Rice qualified students for many tournaments including the Catholic Grand Tournament and the National Tournament in Milwaukee. In all, the Rice team fared well, placing many students in the individual categories.

The art of oration, long ago practiced by the ancient Greeks and Romans, is proudly exhibited by the well coached and multi-talented Debate and Forensics organizations.

Aquinas Chapter Succeeds in Aiding Needy Students and Br. Rice Community

The 1978-79 Aquinas Chapter of the National Honors Society, through the pride and dedicated efforts of its members, was one of the most successful organizations at Br. Rice. The N.H.S. members under the guidance of Senior President Mike Wheatley, Junior Vice-President Pat Fodale, and Moderator Br. A. Cannon, performed many valuable services to aid the Br. Rice student body. The members hosted many events this year, including the Irish-Nite Auction. The most important of their services, however, was the tutoring program which helped students who were experiencing academic difficulties. The great sincerity and dedication of the N.H.S. members were never more evident than in their diligent work to help these students.

During the year, the N.H.S. also raised a large amount of money to help the Christian Brothers. In continuing a long-established program, all donations for provided services were sent to the training center for student Brothers in the Western Province. As a renewed program, the N.H.S. sponsored a Christmas tree sale that raised over one thousand dollars for the Brothers' retirement fund.

The Aquinas Chapter, through hard work and involved leadership, continued the tradition of excellence characteristic of the National Honors Society.

Second Year Memory Bank Executes Enlarged Program

The Memory Bank, in its second year, greatly enlarged its scope of activities. Moderated by Mr. Tony Sincic, this organization provided its members a greater insight into the computer than available in the regular math curriculum.

At their weekly meetings, the Memory Bank used the computer for numerous projects. Their largest project was creating an "artificial intelligence" in which the computer was capable of deductive reasoning. As something new, the club competed against other schools, using their technical wizardry. The most notable of these was a tournament at U. of D. where the club fared very well.

The Memory Bank, most importantly, gave its members the opportunity to learn about technology's art, the fascinating, complex computer.

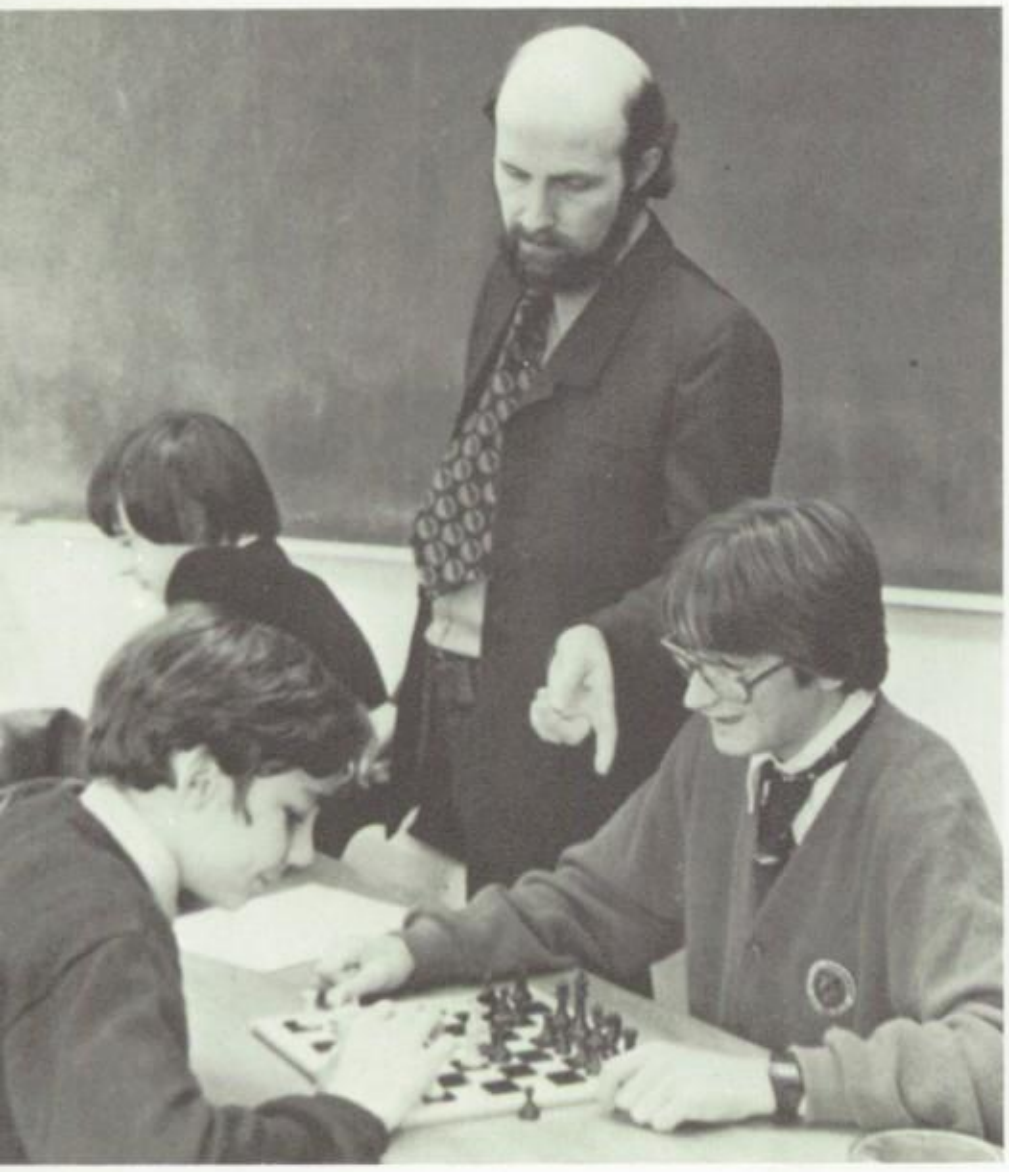
Chess Club Produces Strategic Minds In Classical Game



The 1978-79 Chess Club was an avenue through which chess enthusiasts at Brother Rice could better their skills. This year's club, moderated by Mr. Paul Gray, maintained that the best way of improving at chess was to play; and play they did. At their weekly meetings, the members held a continuous Round Robin tournament to determine who their best player was. The Chess Club also sponsored a five man Chess Team which ventured out against other schools. And as the ultimate in competition, the club bought a chess computer that played on six skill levels, including master.

Strategically manipulating the chess pieces takes a great deal of skill; it can even be considered an art. Accordingly, the 1978-79 Chess Club produced many artists.

Top right, The Housekeeper (Kate Carry) wants to help the insane Quixote while The Padre Mike Wantuck shows his disbelief. Bottom left, Quixote is knighted by the lord of a roadside inn (Tim Kelly). Bottom right, Mike Repucci as Don Quixote and Dennis O'Hare as Sancho ride the road of idealism in the classic scene from *Man of La Mancha*.

Imprisoned in a dungeon in Seville at the end of the sixteenth century, Don Miguel de Cervantes and his sidekick, Sancho Panza, try vigorously to protect their precious manuscript of Don Quixote's adventures from a prison court. Together they show the prisoners Quixote's courageous outlook on life. Cervantes is summoned by the Spanish Inquisition but the prisoners promise him that Quixote will live. They promise that the world of idealism will not die at the hands of realism.

This is a story the Rice-Marian Players undertook to per-

form in starting a new tradition for drama. This year the players chose to present both a fall and spring musical. The fall production of *Man of La Mancha* proved to be a challenging and difficult play to bring to the stage. Nevertheless, under the direction of Br. William Dogan, and through the performance of a small but determined cast, *Man of La Mancha* really became an ideally excellent production.

Oriental World Visited by Gilbert and Sullivan's Mikado

After encountering great success with a modern rock opera, *Jesus Christ Superstar,* last year, the Rice-Marian Players attempted something different this spring with Gilbert and Sullivan's operetta, *The Mikado.*

The storyline follows the romance and adventure of Nanki-Poo (Dennis O'Hare), the son of the Japanese Emperor. His life is complicated by two intriging women, Yum-Yum (Kathy Rownd) and Katisha (Kate Carry). With the aid of Ko-Ko (Paul Hanysz) and Pooh-Bah (John Birchler), he eventually manages to escape death and marry his true love, Yum-Yum. The entire operetta was surrounded by formal yet light comical dialogue and song.

Although the play was quite a culture change from the past, it met with great success, employing several unique renovations. Costumes were furnished by the Gilbert and Sullivan Society at the University of Michigan, and the music was provided by the Oakway Symphony. Also, both musical and dramatic direction were handled by Br. William Dogan, giving him a difficult double load.

The combined efforts of all involved produced a fine work of art, giving everyone a taste of the Orient.

Devoted Mothers' Club Aids Students, Entertains Parents of Rice Community

One of the many indispensable clubs involved with the Brother Rice family is the Mothers' Club. This worthwhile organization offers social events that not only extend a warm hospitality to the students' mothers, but also creates an important source of funds for the school.

This year, as last, the major fund raiser was the highly successful Irish Nite Auction, held in conjunction with the Dads' Club. By no means, however, was this the only affair they conducted. From the Freshman Parent Party and the Hospitality Tea to the Annual Dinner Dance and St. Patrick's Day Luncheon, the Mother's Club, under the auspices of moderator Br. Oehrle, commits itself to a hectic but very rewarding school year.

Getting people together is their primary concern and with these dedicated individuals working, there is no doubt they are successful. Brother Rice always benefits greatly from their many efforts.

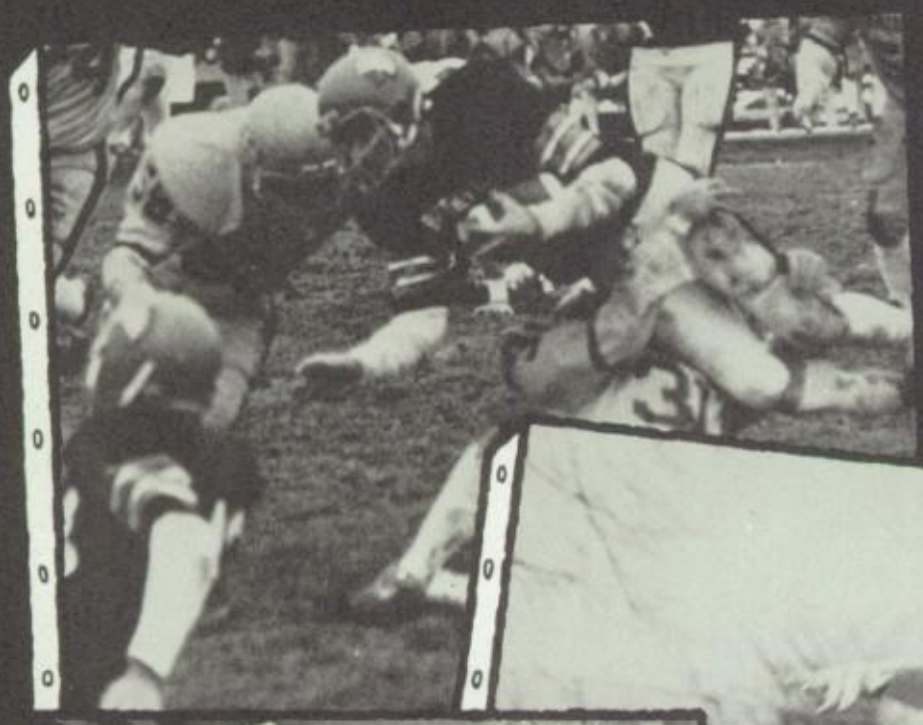
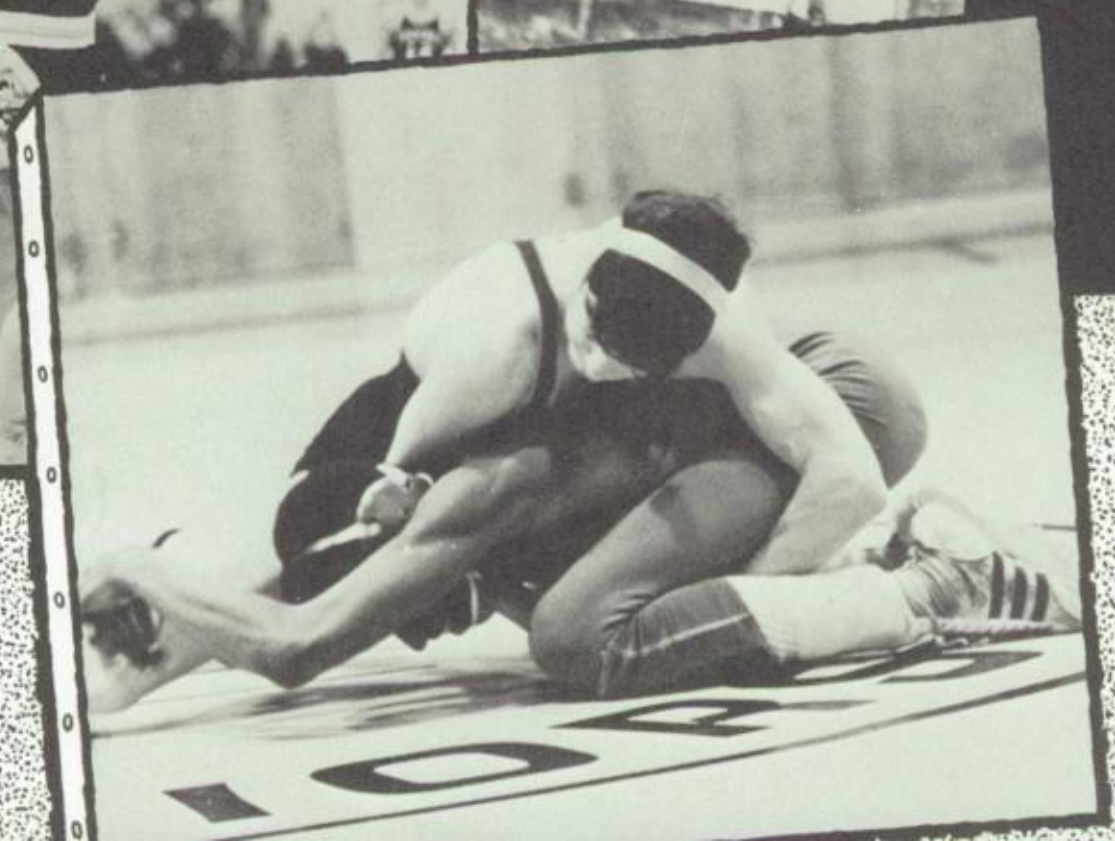
Dad's Club Provides Needed Money, Various Events

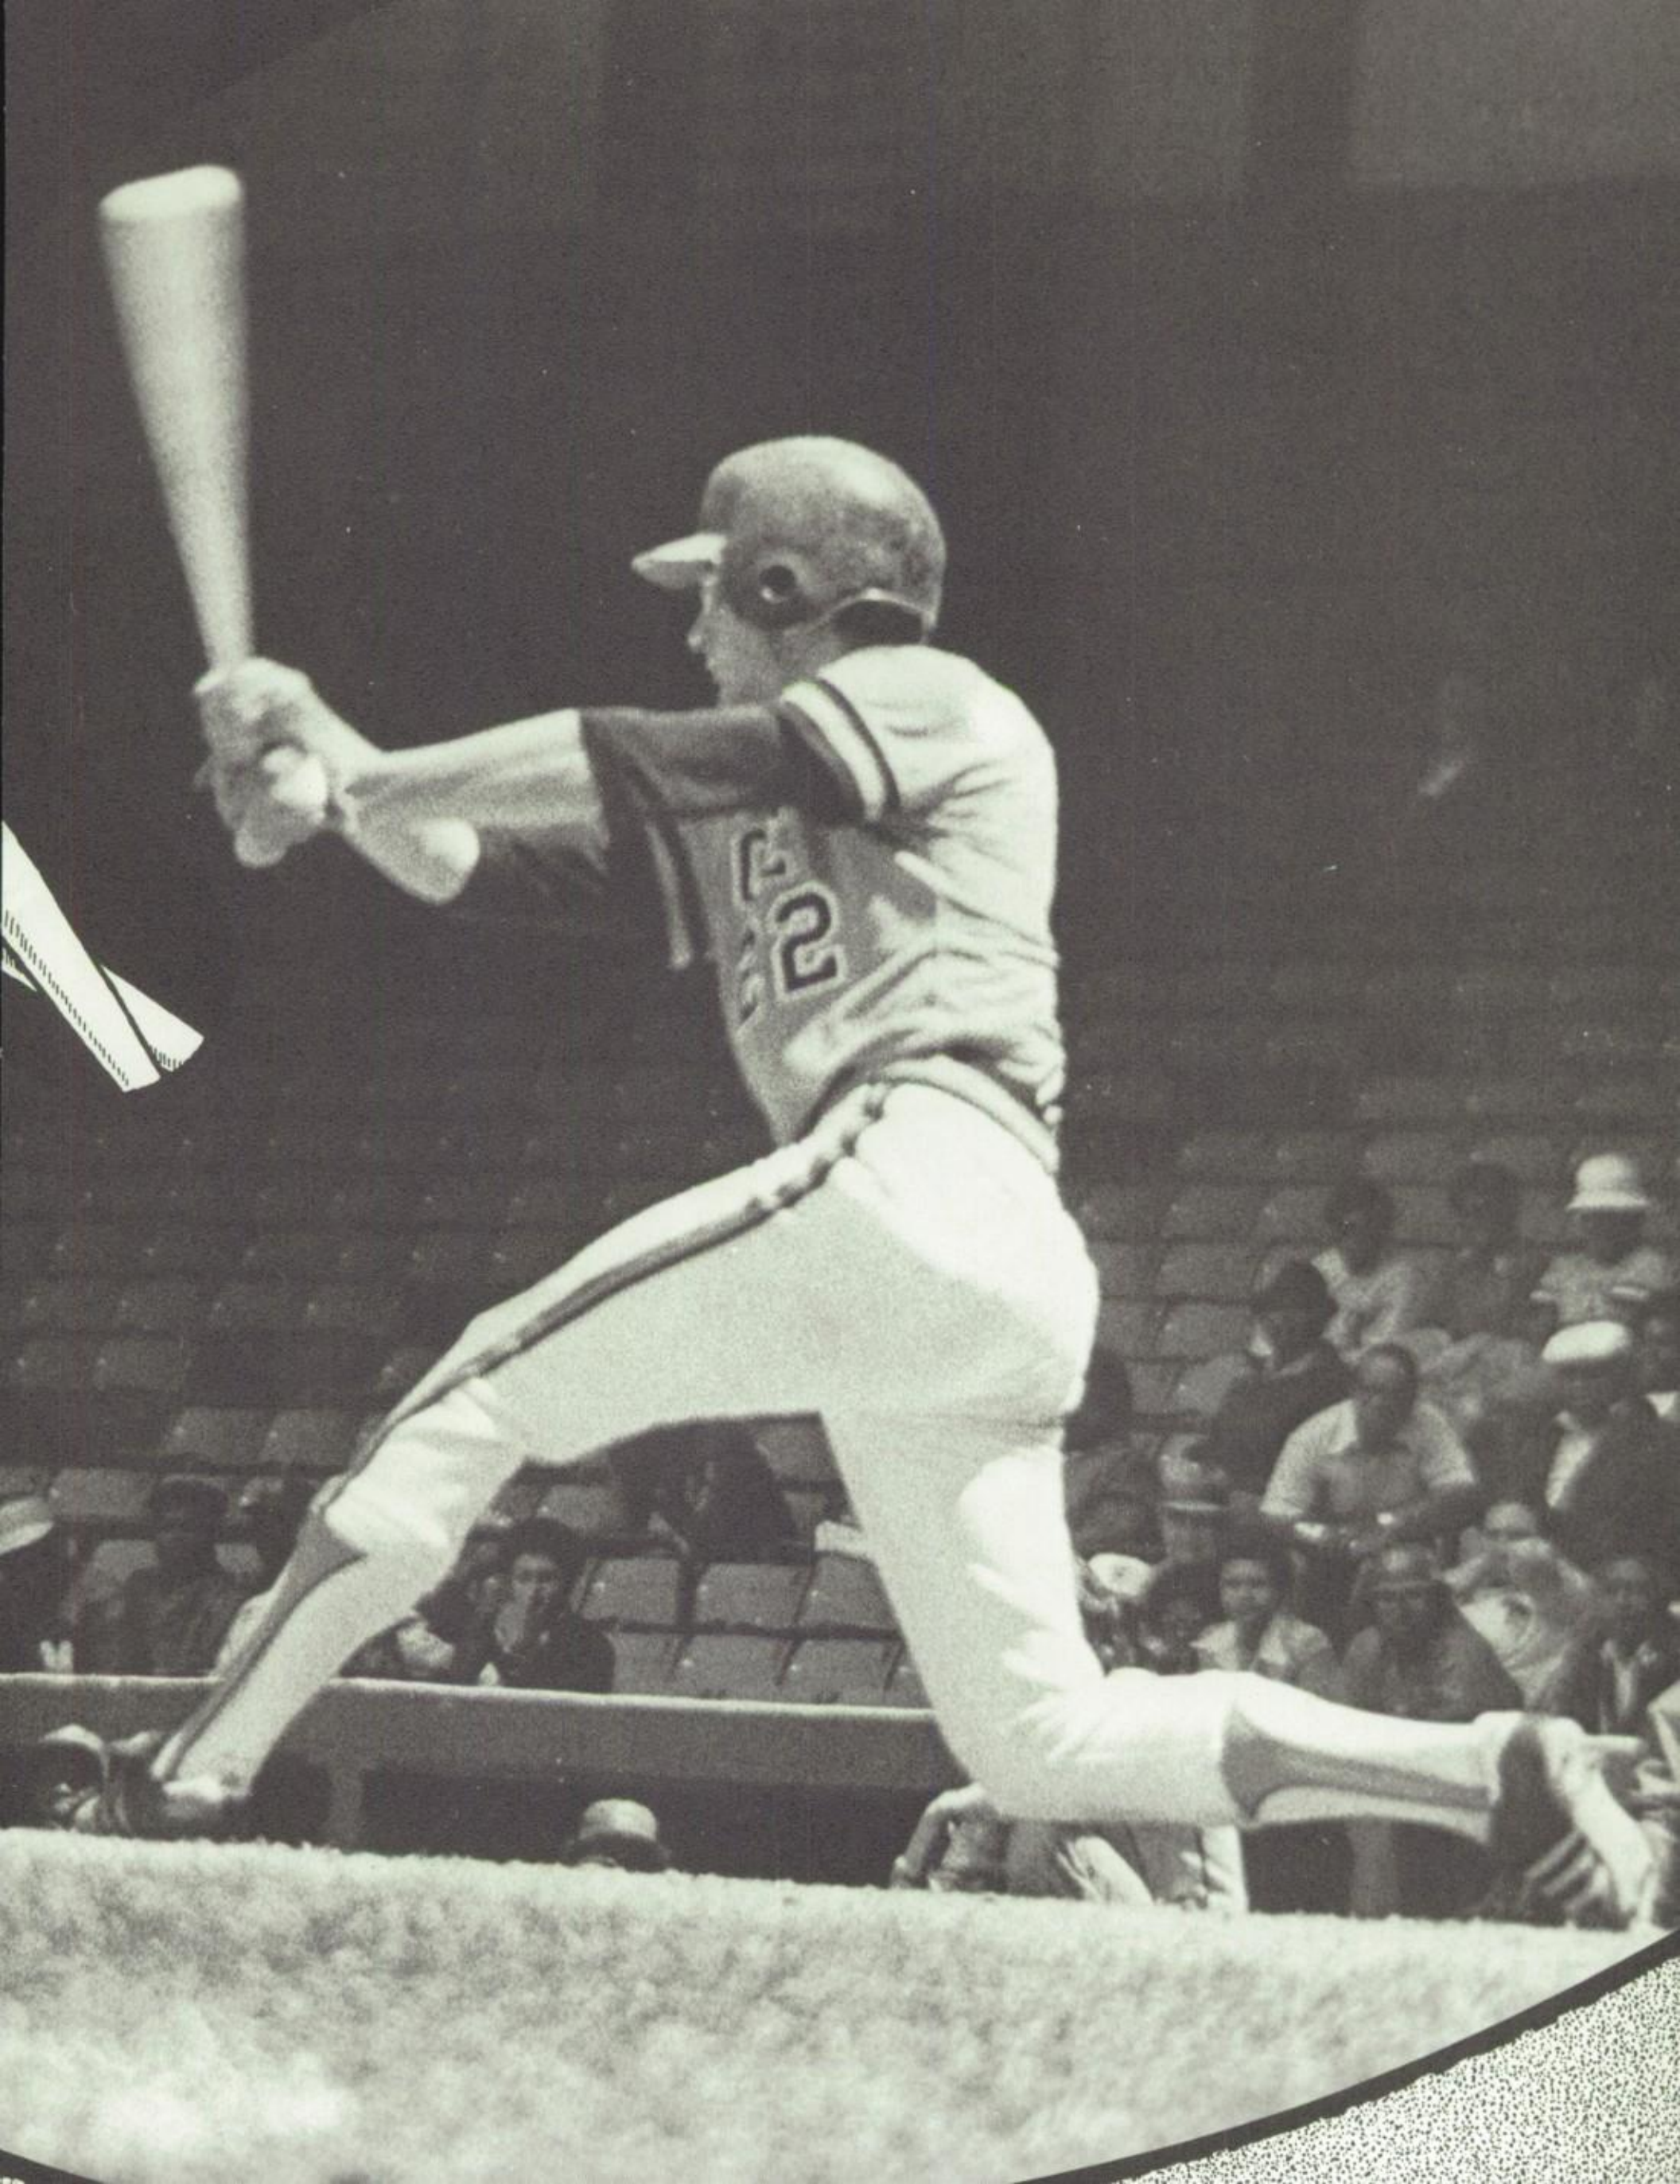
Year in and year out, the Brother Rice dads do an outstanding job in bringing in revenue and aiding the school community. Under the direction of President Gerald Coyne and Moderator Br. Dalton, the fathers accomplished many things this year while providing a variety of events. In August, the Dad's Club held its annual golf outing. The money acquired from this activity paid for the new weight room and helped refinish some classrooms. The next event on the calendar was the Boys' Bowl game. Once again they did an excellent job in preparing for this big athletic event. In October, they sponsored the Fitzgerald Debate with gubernatorial hopeful William Fitzgerald answering the questions of the Rice debators. The dads showed their influence by getting Mr. Fitzgerald to participate and Bill Bonds to emcee. On the spiritual side, they helped bring the students closer to their fathers in the Father-Son Communion Breakfast. The next social event was the Irish Nite Auction, held in March. The Dads' Club combined with the Mother's Club to produce over fifty-thousand dollars in profits.

As in the past, the Dads' Club proved itself a powerful force in aiding the Brother Rice community.

SPORTS







Warriors Steal City Championship

The Warrior's Varsity Baseball team once again has proven the superiority of Brother Rice on the athletic field. The dedicated, hardworking team showed their talent by capturing the All-City Championship with a 15-10 win-loss record.

In league play the team showed a better percentage of winning games, as they had an 8-3 record. The three losses went to De La Salle, Notre Dame, and Bishop Borgess. In non-league play the Warrior's progress seemed to have been

halted as tough games were fought against St. Clement, and Plymouth Canton.

With outstanding pitching from Tom Wurster, who started 12 games and Eddie Lynch, who started 7 games, the Warrior's beat Bishop Borgess in a slow game by scoring only 1 run for the Central Division Championship. St. Alphonsus was beaten 2-0 enabling Rice to take the Catholic League Championship as well.

The hitting ability of the team fell to Mike Walsh, Joseph Puertas and Bruno Petrella. But even with good batters like these, the team sadly lost to Seaholm in the State Pre-district game.

The City Championship was the last game of the season and it turned out to be an easy win over Cass Tech.

Talent of Team Not Reflected By Their Record

The 1978 Junior Varsity Baseball team finished the season with a 6-4 record in league play which tied them for second place in their league. Their overall record was 9 wins, 7 losses. The team was swinging to a Catholic League Championship but unfortunately lost their last three games by very close scores.

The team did have many talented players though. Terry Oldham finished the season with a remarkable .476 batting average. Fine pitching was demonstrated by Jeff Settecerri who won 7 games, losing only 1. He finished the season with a 1.84 earned run average.

With these and the many other talented players returning next year, the '79 Varsity Warriors are sure to come out on top.

Tennis Team Finishes Year Showing Outstanding Record

The 1978 Varsity Tennis Team finished their season with a superb 17 and 2 record, taking with them for the second consecutive year the State Regional Championship as well as the Catholic League Championship. Never before has the Varsity team won the League finals and the Regionals in the same year. Under the fine leadership of Coach Don McKercher, the Racketeers began their season with a fantastic streak of fifteen straight wins, twice beating Austin, which in former years had been considered the Racketeers most formidable opponent.

Junior Blase Keating ended the season with an incredible 16 and 7 record, which qualified him as a Regional champ along with Sophomore Bill Harahan, who ended the season with a 15 and 6 record. Junior David Hainline also gave an excellent performance ending the season with a 16 and 7 record and qualifying as a Regional Champ runner-up.

Brother Favero ended his last year as coach of the Junior Varsity Team by leading his players through an undefeated season for the second straight year in a row. Through his many years of fine dedication as the backbone of the Varsity Team he has developed many outstanding players for Br. Rice.

Underclass Brings Team Good Year

The Brother Rice Track Team took a number of impressive positions in the ranks of high school track and field events this year, ending the 1978 season with a five and two record. Such honors as Brother Rice and Ambrose Relay Champions as well as Catholic League and State Regional runners-up were a result of an outstanding season on both the track and the field.

This year the team, led by captains Gary Klezek and Larry Varley, produced a number of invaluable players. Senior Mike Finn and Junior Don Pietrowski were very competitive on the state level, with Mike ending the season as 5th in the state in the polevault and Don finishing 4th in the half mile. Other fine performers were Juniors Rod Larees, Tom Finn, and Jon English. Many of these tracksters owe their fine season to the outstanding leadership provided by head coaches Bob Stark and Mike Popson, who have both given many hours of their time to the development of this year's successful Brother Rice Track and Field Team.

Experienced Golf Team Captures Regionals; Just Misses State Bid

With the State Championship won by our golfers last year, they must have felt pretty good coming into this year's matches. With team leaders like All-Stater Jim Northrup, and John Minnich and Pat Timlin who were All-Catholic and All-League, the team had an excellent chance of winning again.

As the season progressed, the team tucked away a Central Division Championship. The Catholic League Championship was theirs also. They came in fourth in the prestigious Tri-State Invitational which consisted of the nine best teams from Ohio, Pennsylvania, and Michigan. Even the Regional Championship was won by them in '78. All that was left was the State Championship.

The state finals were extremely close. The top four teams were within five strokes of each other. Rice's foursome consisting of Northrup, Minnich, Timlin, and Disbrow was very close to winning it but had fallen to fourth by the time the day was over.

Warriors' Hopes Upset in Semifinals With Ending of 25 Game Win Streak

This year's Brother Rice Football Team faced one of the greatest challenges ever. Not only did this squad have to meet an extremely tough schedule, but they had to live up to the tradition of last year's State Championship team. The schedule this year with the addition of perennial powers: Andover, Detroit Southwestern, and Barberton, Ohio, was the toughest ever for a Warrior squad. Nevertheless the team rallied for nine straight victories (23 over two years), in order to reach the state playoffs.

In late September, early in the season, the team travelled over the state line to play against Barberton High School, the top ranked team in Ohio. The Magics were confident, tough, and well prepared, but so were the Warriors. When the battle was over the scoreboard read 13-6 in favor of the team from Michigan. The game was a highlight performance for Jon English. The senior co-captain led the Rice offensive unit despite many obstacles.

A tough defensive unit led by Jim Beauregard was the key to five successive Central Division victories. Led by linebackers Colin Haffey and Ed Lynch as well as senior linemen Mike Cooney, Steve Kaiser, Sean Degen, and Steve Chido, the Warriors rolled over Catholic Central and Notre Dame. With the first eight victories, the Warriors qualified for the Catholic League Finals at the Pontiac Silverdome. The team peaked during this game and rolled past Bishop Gallagher by a score of 30-13 in front of 20,000 people.

Over 12,000 people showed up when the Warriors played Birmingham Groves the following week. In one of the best games of the high school season, the Warriors defeated the Falcons by a two touchdown margin.

Senior Marty Martinez was the standout in this game. The All-State receiver caught several passes including one touchdown and two for first downs. The Groves victory enabled the team to meet North Farmington the next week. Then Warriors lost making their record 10-1 for the season. Even this very emotional loss didn't destroy the greatness of the 1978 season.

Any team can win like champions. The 1978 Warriors lost like champions. The spirit which grew in the hearts of the players, fans, and coaches didn't vanish after that one defeat in this unforgetable year.

The 1978 Junior Varsity Football Team continued Rice's traditional winning ways by bringing the Central Division Championship for 1978 home to Brother Rice High School. Fine coaching efforts by Br. Brouillette, Mr. Krawzak, and Mr. Bradley enabled the talent of the players to unify into one of the strongest teams in the area. This year's quarterback, Pat Conroy, sparked the offense and was aided by the fine running ability of co-captain John McGowan. The center, Bob Fallon, did an excellent job of keeping the opposing defensive lines tied up. The defensive line, consisting of Mike Simmons, Mike Johnston, Steve Liu, Mitch Kanaan, and Dave Ebbing rarely let an opponent through, but just in case defensive back and co-captain John Whitehead was always ready to make the tackle. But still, it was only through the combination and perfect meshing of all these individual parts that such a successful mosaic of a team could be formed.

Freshmen Unbeaten For Two Years

Under the direction of coaches Leu, Majors, and Couche, this years Freshmen football team went undefeated, winning the Central Division Championship. The Freshmen team has only lost one game in the last three years.

This year's team was filled with talented players. Quarterback Dave Yarema and runningback Rodney Brown were voted most valuable players for the offense. The most valuable defensive players were linebackers Brian Zatkoff and Jim Cherocci.

As is usually the case, the 1978 Harriers had a season to be proud of. The hard driving team managed to pull off several championships again this year. Among these titles are the Central Division Championship, the City Championship, and the Catholic League Title.

They had five dual meets during the season and ended up winning all five of them. Much credit is due to the various members of the team. The Outstanding Player Award went to Pete Kelley who was also All Division and All County. The award for the most outstanding freshman was earned by Chris Dorcey. The runners that also made All Division were Tim Sullivan and Dan Koster.

The only disappointment of the season was that even with all their championships, the Harriers missed qualifying for the State Class A Finals for the first time in the history of the school. The reason was that they placed fourth in the Regionals and only the top three teams go to the finals. Despite this blemish, the Harriers brought their all time record (since the school started) up to date. They have an excellent 90-14 record in this category.

Rice's Newest Team Acquires Experience in It's First Year

The 1978-79 wrestling team was the first ever here at Brother Rice. Over sixty students, Freshmen through Seniors, devoted long hours of practice and conditioning to prepare themselves for the more established teams throughout the state. The equipment necessary for their training (mats, special weight machines, etc. . .) was bought with funds donated by the Father's Club.

The teams (Varsity, J.V., Reserve, and Freshmen) were coached by Mr. John Major and Br. F. L. Dalton. This year's captains were John Bosse, Cormac McCarthy, and Mike Hermes.

One of the highlights of the season came when the Warriors finished third in the Garden City East Invitational. They beat out seven other teams with their total of 115 points. Dreux Nelson won his weight class of 98 pounds while Mike Daly (138) and Cormac McCarthy (191) finished second.

All-League wrestlers were Dreux Nelson (98), Bob Fallon (hwt), Tom Kern (126), and Jerone Malczewski (145).

For a first year team, Rice's wrestlers did exceptionally well. (After all-winning isn't everything.) Many coaches said that their performance portrayed them as a third or fourth year team. Wrestling, the latest field to carry on the tradition of excellence at Rice, is "pinned" to stay.

The Varsity, led by tri-captains John Crick, Dave Distel, and Mike Watts placed into the state's top ten even before they upset number one rated Ann Arbor Pioneer in Ann Arbor. The Varsity's fine performance was due to talent and team effort, excellent coaching by first year head coach Br. Segvich, and record attendance at almost every home game.

The J.V. pucksters posted a practically perfect season, going undefeated for almost the entire season and winning the Junior Varsity State Championship!

Warrior's Talent Takes Them Far

Under the direction of Mr. Norton and Mr. Carrico, the 1978-79 Varsity Basketball team had no trouble winning the Catholic League Championship this year. Even Catholic Central, which had beaten the Warriors both times they played last year, was no match for Rice this season.

The Warriors progressed into the City Championships after beating Shrine for the Catholic League Title. However, in the City Championship game at University of Detroit's Callaghan Hall, the Warrior's winning ways were upset. Rice was ahead for the entire game; by as many as fifteen points! But in the last two minutes, things fell apart and Murray Wright came out on top by a point.

The Warriors raced through post-season play, beating Lahser for the District title. However, their hopes for a bid at the State Championship were upset by Pontiac Central in the Regionals.

Crowd participation was very good this year as every home game was packed. The student body really supported the Cagers. In the City Championship game, students formed a tumbling team which thrilled halftime spectators!

Six-foot-ten All-American center Tim Andree led the team this year. Tim and Mike Dietz were the captains of the squad. Steve Ameli, George Duncan, and Rob Manilla were the other starters. Bench depth was also strong with players such as Bruno Petrella, Brian Brennan, Don Pietrowski, and Steve Kaiser.

J.V. Nets League With Team Effort

The 1978-79 Junior Varsity Basketball team has once again upheld their winning tradition by capturing the Central Division and Catholic League titles for the second year in a row. Many fine performances were turned out by the players to enable the team to finish their season with a 13-5 overall record and a record of 7-3 in the Catholic League. The team did very well against such schools as Bishop Borgess and De La Salle by winning all league games against these two schools.

Fine individual performances were an essential part of the basketball team's victories. Some of these individuals are centers Paul Jokisch, Tom Varley and Joe Bars. Forward Dave Yarema was another high scorer for the team.

With the direction and help of coach Steve Emert every player on the team showed considerable improvement as the year progressed. Coach Emert also said it was the total team effort that put the J.V. on top.

Freshman Receive Valuable Training

The 1978-79 Freshman Basketball Team had its ups and downs during the season, but the year was highlighted by fine individual performances. Under the scrupulous eye of coach Br. Brouilette, the team finished third in the league with a 5-5 record, and a 7-10 record overall.

Much of the team's success was due to the 6'7" center John Shaski who scored half of the team's points while doubling as the team's strongest rebounder. Also highlighting season play were Greg Abowd and Ray Sellestre with their fast breaks. In addition, Kevin Flynn was a sharp-shooter at forward burning the net all year long for the Frosh.

Team Has Room to Spare for Talent

The 1979 Rice Bowling Team started out with hopes of a strong contending team. The team underwent a rebuilding stage based around the new coach, Br. Herron. Br. Herron filled in for Br. Favero who left after coaching the team for many years. The greatest weakness seemed to be inexperience, with only two senior bowlers, Pete Heidrich and John Diggs returning. The inexperience wasn't the only obstacle in the way of success, however. The ever present team inconsistency plagued the varsity all season. Many times the team beat the leading teams in the league only to be upset by the weaker ones. The Junior Varsity Bowling Team on the other hand finished the season in fine shape with a first place standing in the league after the first half of the season.

The team is looking forward to an exceptionally strong team next year with a nucleus of returning juniors composed of Bob Brown, Mike Schmidt, Chris Budnik, Kevin Laclede, Pat Dessert, and Pat McGann.

Experienced Team Key To Success For '78-'79 Season

The 1979 Varsity Ski Team proved to be very strong this year winning six of their seven league meets. The team was headed up by captains Tim Shea and Bob Reason who showed that years of hard work pay off by leading their team to a successful season.

Second year coach Mark Sasso added the winning element to the successful year by supplying his excellent knowledge of skiing and coaching to the team. Various individuals on the team such as Rusty Chick and John Rooney also contributed their skills to get the Brother Rice Skiers into the Divisional Meets. Since most of the team was comprised of returning members they definitely had the experience and ambition to make this year one of their best ever. Also, with many sophomores and juniors returning the team says they have bright hopes for next year.

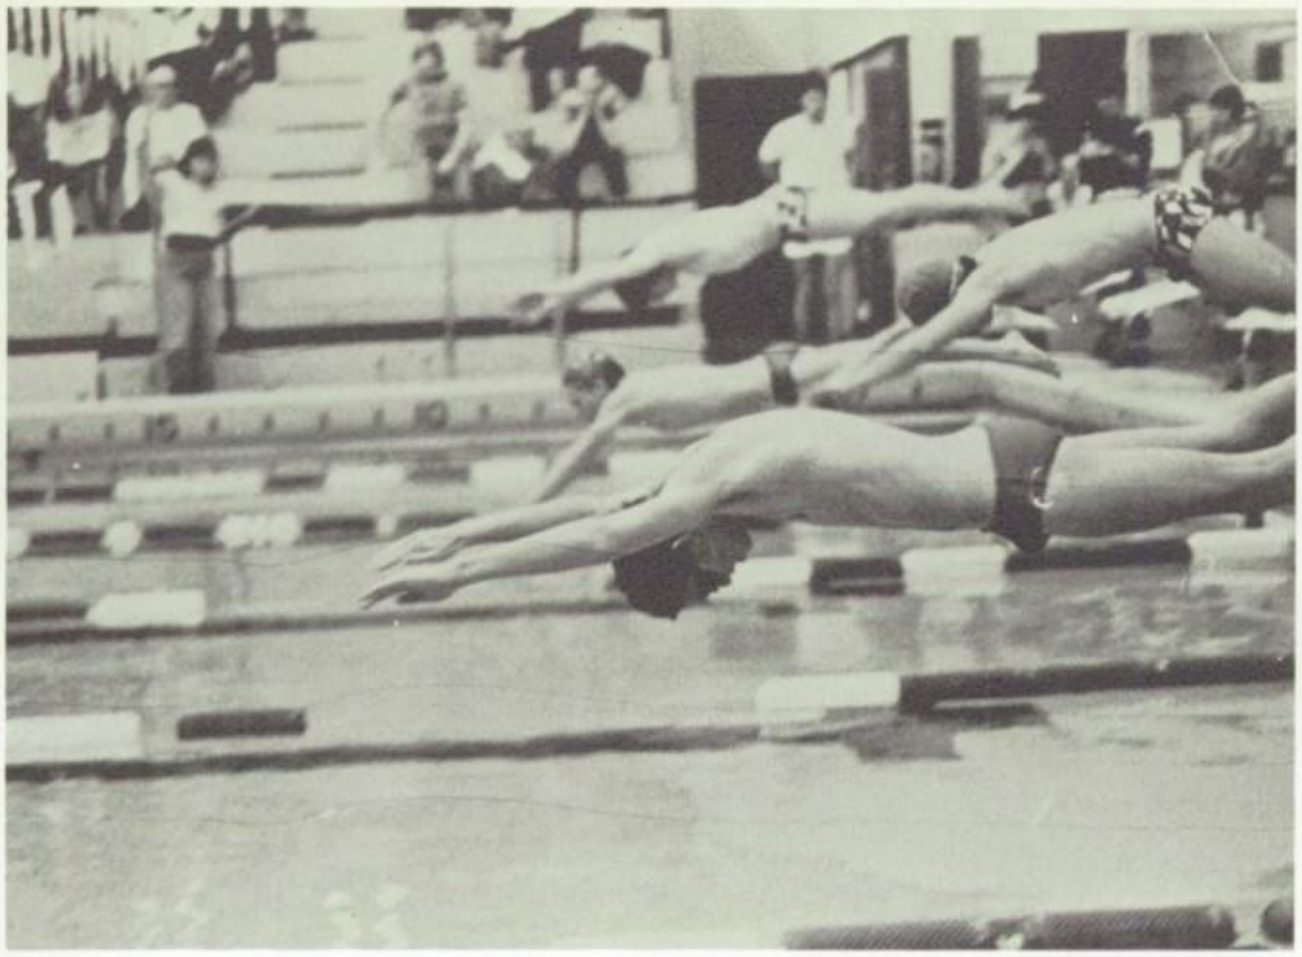
Water Warriors Work Wonders

The Water Wonder Warriors proved to be a strong team all year long by doing well in many major tournaments. They showed true teamwork in the Catholic League by simultaneously beating St. Alphonsus and De La Salle in a unique "double dual meet" at Oakland University, their "home court."

Rice posted yet another victory against Royal Oak Kimbal in a well attended dual meet at the Knight's home pool. The following week the Warriors made a strong showing at the Oakland County meet in Pontiac Central's Collossal 9-lane pool. Excellent performances were turned in by Chris Degan, Kevin O'Connor, Rick Cozad, Rob Mackle, Bob Biehl, and Jeff Hauswirth. Rice also dominated the diving with excellent performances from senior Tom Temmerman and freshman wonder Mike Wantuck.

The tough schedule continued when the swimmers travelled out of state to challenge Brother Rice of Chicago. Other wins included the Belleville meet and Rochester Relays. They placed 8th in the state tournamentdue to fine coaching from Mr. George O'Brien. The captains' squad consisted of Tom Temmerman, Jerry McGlynn, and Scott Bratten.



OPPOSITE PAGE: Top, Coach O'Brien yells out instructions to a swimmer showing his demanding coaching methods. Middle, Mike Benson comes up for air as he continues the race with a commanding lead. Most groups claim to have spirit. Others, thought, show it. Such is the case with the class of '82, currently referred to as the "dumb frosh." But if the truth were known, it would probably be discovered that this freshmen class is by no means "dumb", or stupid, or naive in its actions. The truth is that the "Class of Today and Tomorrow" has not only showed its spirit by its magnificently strong showing in the annual Field Day festivities. No sooner was the Field Day furor over when this determined group assembled together as one and successfully operated its first fund-raiser: the magazine drive. The final results of this block-buster drive were awe inspiring. Needless to say, there are many fresh ideas about what the money will be used for.

The prodigious size of the Freshmen Forum is another example of total involvement. Its members, totaling to about 25, are leaders in the true sense of the word. All this spirit, and a promise of much more to come, cannot help but make a lot of optimism about the inevitably fantastic future of the "dumb frosh."

SOPHOMORES
Class of 1981

As the new school year dawned, the newly sprung Sophomores, having survived freshman year, had many strong points already. At Field Day underlining spirit and demanding leadership brought the Sophs together for a strong show as well as an excellent theme: "A Soph Shine." Carrying their theme into Homecoming, many hours of hard work and planning payed off as their float captured second place. Strong wills displayed on and off the playing field really reflected the Brother Rice attitude and ideas. Showing a strong contingent at all the events, the Sophomores proved to be a truly spirited class.

Carrying the leadership of Field Day into the mainsteam of school life proved to be an easy task for the poignant second year men. This was evident in everything they did, from the sophomore-sponsored dance to their effective student government.

Finally, as they ended the year it was evident that they were going to face Junior year in the traditional manner of excellence of Brother Rice High School.

JUNIORS
Class of 1980

The maturity carried over from sophomore year intensified itself as the Class of 1980 began junior year. Bogged down with an early Field Day and the summer blues, the Juniors put a hasty plan into action. The result was a fine Field Day showing and a prize winning float. This is where gambling pays off. The leadership in both the class and total school levels was evident.

Producing a successful sock-hop, something that had eluded their grasp in earlier years, became a major event. Contracting a local band instead of another larger band proved to be a wise move. The profits were well in the hundreds, quite a change from fifty dollars! Much of this would not be possible if not for the consistent work of class moderator Br. Chang.

The Junior Class officers, experienced veterans, took part in changing the Student Council as a whole. Many of the basi concepts of the new Student Council Constitution, were brought about by the third year men. Basically, they have a lot to be proud of. In the past Brother Rice has been terrific in this area. The Class of '80 has been part of this and does not intend to stop as they carry on the Brother Rice way senior year.

STUDENT LIFE

Fierce Competition, Enthusiasm Spark Intramural Success

The '78-'79 Intramural program was quite successful under the direction of Brothers Herron, Chang, Segvich, and Cannon, and student "Czar" Paul Hanysz. The competition in the six sports reached an all-time high with student rivalries being the main incentive.

The football and hockey programs highlighted the fall season. In football, Greased Lightnin', paced by fleet-footed Dennis Clarke, and the Brew Crew captured the "A" and "B" league titles respectfully. In hockey, Br.Segvich had a chance to check out future prospects for the team as well as ice-time for the enjoyment of those who participated.

Racquetball gave students a chance to learn and play the world's fastest growing sport. Held in six week sessions, both the students and faculty had court time to experience good, clean competition.

Intramural Bowling, headed by junior Steve Barron, had one of the smoothest running years in the history of the program. This sport provided students a way to start their weekend off right.

During the winter season, volleyball cured the post-Christmas blues. Basketball brought the Intramural season to a climax in February with its exciting action.

As in past years, Intramurals is usually the biggest and most successful of the school's organizations because every one comes out a winner. This year, the spirit, enthusiasm, and heavy rivalries made it all the better.

Boys' Bowl Weekend Total Triumph For Seniors, Rice

In spite of weather that cancelled outdoor events, Field Day '78 was a success. Thanks to the long and diligent work of Chairman Fred MacDonald and Assistant Chairman Joe Cruitt, most of the day's activities went off without any problems.

The Seniors walked away with most of the day's events, such as the skit, theme shirt, banner, and chariot race. The Juniors edged out the Sophomores for second place and the Freshmen took their usual fourth place.

However, the Juniors got revenge on Sunday with a hands down victory in the float competition. They were followed by the Freshmen, Sophomores, and lastly, Seniors.

The Homecoming dance, held at St. John's Armenian Cultural Center in Southfield, attracted a record attendance of 274 couples, about 63 more than last year. Under Senior Jim Riley's excellent supervision, the dance was a smashing success. Dancers boogied to the music of Contraband, who played everything from Disco to Zeppelin.

All this, coupled with the Warriors' impressive 21-6 victory over Catholic Central in the Boys' Bowl, made the weekend a true Rice triumph.

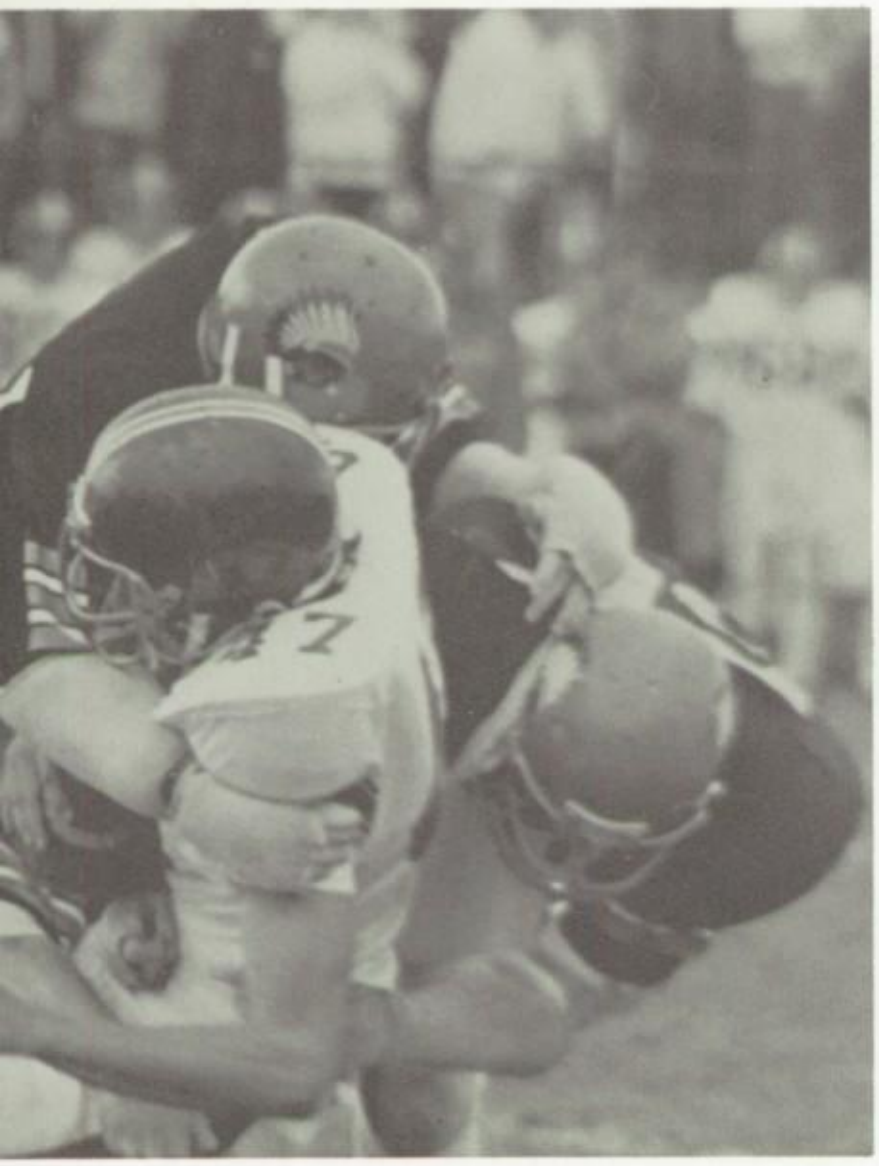
WEEKEND!



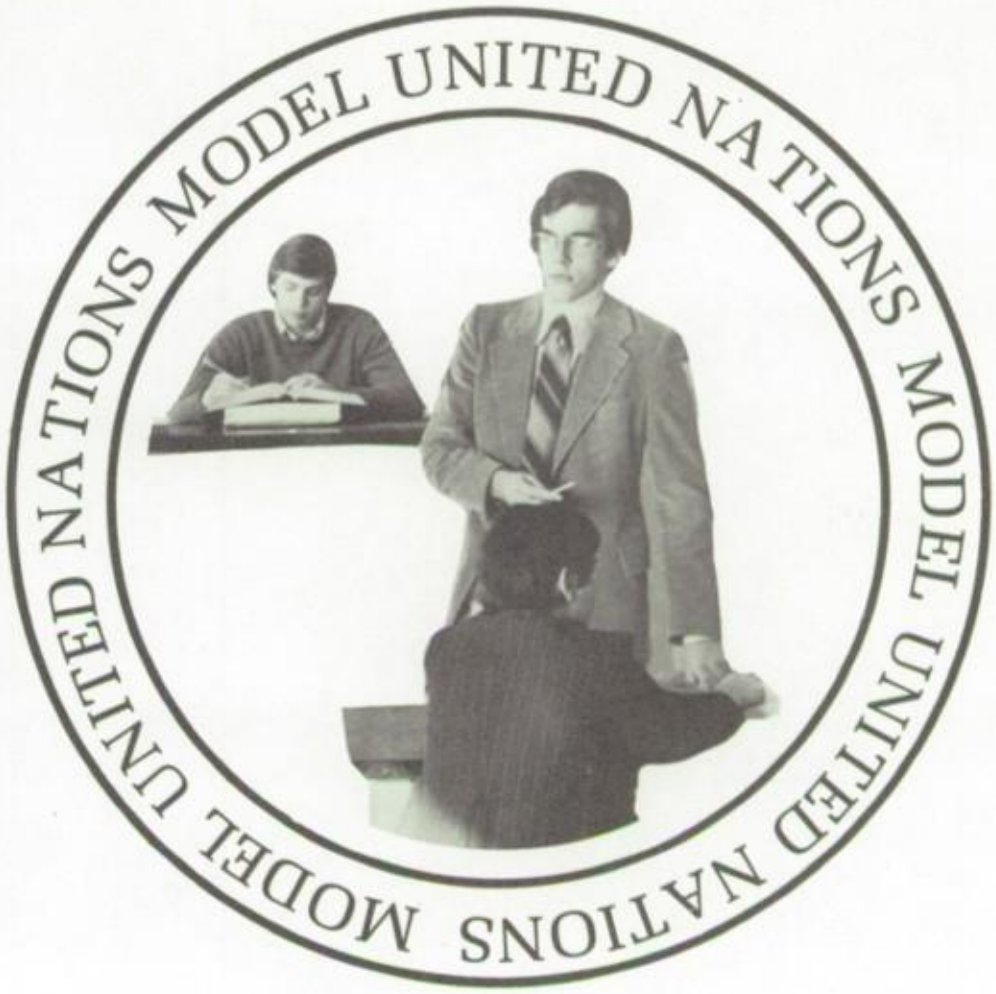
World Crises Solved in Model U.N.

Art has many shapes and platforms from which it exhibits itself. For the fourteenth consecutive year, the Marian Model United Nations was held in November and its success was the result of a less aesthetic but very practical form of art- the art of diplomacy.

Through the industrious work of the chairpersons Greg Bousquette, Janice Nagle, and Cathy Krane, the U.N. carried on its tradition of oratory excellence. Particularly successful was the Rice-Marian delegation of Tom Matecki, Carl Bazil, Bob Carey, and Marie Miranda, who took the top prize of Major Delegation while representing the U.S.A. The second award of Minor Delegation was also taken by a Rice delegation consisting of Steve Abowd, Pat Dessert, Mike Neus, and Steve Doyle. Individual awards were given to Tony Simonelli, Mike Kitz, Tim Noonan, and Dave Slocum, all of whom impressed the judges with involvement.

Some three hundred delegates from nine schools gathered to discuss such topics as world hunger, disarmament, and world trade. Br.Segvich served as a judge and moderator for the Rice delegates.

In February, the eight top delegates from Rice, accompanied by Br.Smyth, traveled to the North American Invitational Model United Nations at Georgetown University where they had the honor of representing the U.S. among top delegations from all regions of the nation.



THIS PAGE: Middle left, In obvious disbelief to being called "imperialist," Bob Carey prepares to reply to the accusations of the P.R.C. in the Security Council. Model Senate Marked by Record Attendance

Brother Rice's Model Senate began several years ago as an exercise for those interested in politics and diplomacy. Recently, it has grown tremendously, involving students from many area schools. Students find it a stimulating and enjoyable opportunity to learn a great deal about their government and modern issues.

This year's Senate, held April 6-8, was one of the biggest ever. Well over 100 Senators met to discuss national issues ranging from foreign relations to the development of new energy sources. Exceptional leadership was demonstrated by Chairmen Tom Matecki and Carl Bazil from Rice, Sue Beale from Marian, and Carla Comito from Mercy. The 1979 Senate was also one of innovation. The addition of an executive branch, including a president and six cabinet members, brought the Senators a new and more complete outlook on their government. Rice students predominated here and in the Senate itself, carrying many of the major awards. But all participants, whether representing Maine or Middle Earth, benefited from this weekend of politics and diplomacy.

THIS PAGE: Above, Senator Dave Slocum makes the best use of his limited time refuting the argument of a fellow Congressman. New Experiences, Sport Pursued in Global Excursions

Thanks to the hard work of certain faculty members, a number of students have been able to journey to different parts of this country and far beyond.

The first and most extensive of these trips took place in July of 1978 when Mrs. Dewey and Brother Wolf accompanied a handful of upperclassmen on a month-long study tour of eight European countries.

Other students took advantage of the skiing opportunities in the States. Brother Cannon once again organized the Christmas trip, this time to Steamboat in Colorado. Another venture, during a weekend in February, went to Mt. Tremblant in Quebec, Canada.

Of course, not all of the trips were just for sightseeing or skiing purposes. With the help of Brothers Segvich and Smyth, eight delegates attended the Model United Nations in Washington, D.C. A number of Junior and Seniors joined in retreats at St. Benedict's Abbey in Oxford, Michigan. Other students rode with Brother Dogan to Chicago to visit Lewis University, where the Christian Brothers are educated.

Involvement and cooperation made these trips successful. Without these factors and the unselfish efforts of teachers, the trips would not have been possible.

Rice Finds Pot of Gold on Irish Nite

The second annual Irish Nite Auction, sponsored jointly by the Mothers' and Dads' Clubs, brought in nearly as much money as all of the previous fund raisers combined. After the dollars were counted and the expenses paid, Brother Rice found itself $94,000 richer.

Everyone of the nearly 1100 people who attended had a good time, seeing old friends, making new ones, and bidding on the more than 400 items auctioned. The big winners of the night were Mr. Richard Walsh, who won the Chevette, Mr. Tomlinson, who bought Mr. Fracassa's spaghetti dinner for $3000, and Mr. John Joseph, who outbid the crowd and took the classic 1955 Thunderbird for $14,000.

The 1979 extravaganza was a huge success because of the many hours of work spent by the Irish Nite Committee, headed by Mr. Bob Reason, Mr. Jack Shantz, and Mrs. Dolores Chapman. Other people who put in a great deal of time were Mr. Dave Smith, Mr. Bob Temmerman, Mr. Dick Cote, Mr. Pat Norton, and Mrs. Joanne Christie. The money that all of these people helped raise produced new shades for the classrooms, the renovation of A-wing, and a new hot water system for the school.

The most important aspect, however, was the tremendous care that the parents and friends of Brother Rice showed for the school and the students through such dedicated efforts.

Rice Surroundings Promote Christian Atmosphere for the Student Body

Abstract is the key word used to describe modern art and perhaps the modern age. The modern spiritual life at Brother Rice,however, is a visible part of the community, manifesting the Christian practices of the students, lay faculty, and brothers.

Each day, Mass, communion, and confession were made available by Father Gomez to the student body. Student liturgist Lee Hoffman chose readings, singers, lectors, and themes for the school Masses, which were celebrated on Holy Days and special occasions.

Classes in Theology delt with the life of Christ, the Sacraments, the history of the church, teen growth, morality, and adult christianity. Each attempts to give the student a new perspective on Christian values and philosophy.

Outside of classes, students and faculty put the spirit of the word into practice through the annual Christmas drive guided by Mr.Popson, mission collections sent to the needy, and retreats held at St.Benedict's Abbey in Oxford. In theory and practice, the message of Brother Rice's spiritual life spreads Christian values and beyond the school.

As their field day motto implied, this year's senior class will truly remember their "encounters" at Rice. Not only did the graduates mature physically, but also emotionally and spiritually. The class is known for thinking situations out thoroughly before settling on a final decision and for carrying their goals to their ultimate extent.

The spirit of the class of 1979 can be characterized by leadership and unity with respect to individualism. The existing mosaic of diversified talents has also contributed largely to the seniors' success.

The leadership of the senior class was exemplified in the Frosh Semi-Formal, an event which started a new Brother Rice tradition. As sophomores, the class fought for and won the off-campus priviledge for juniors. Senior leadership was also a key in the genesis of the new wrestling program.

Class unity was evident in the capture of the Field Day crown from the seniors in 1977 and a decisive victory, as seniors in 1978.

Academically, five students were National Merit scholars, many did well on the Michigan Math Exam, and three graduated with a perfect 4.0 grade point average. In addition, many seniors were recipients of numerous scholarships and awards such as: the Regents-Alumni Scholarship, the Michigan Competitive Scholarship, and the Phi Betta Kappa award.

Athletically, the class took part in two state championships. The football team, in addition to its State and Catholic League titles, achieved fame for its defeat of Barberton High School in Ohio.

Above all, teachers, coaches, and friends gave of themselves endlessly and unselfishly to refine the spiritual and emotional maturity of the graduates.

Each senior in the class of 1979 contributed to the continuation of Brother Rice's academic and athletic excellence, a long standing tradition of which every senior is proud. Through their "encounters" at Brother Rice, the seniors progressed to the point where they will be ready to use the talents molded at Rice to make a positive impact in life's future "encounters".

Commencement '79

The graduation of 251 Seniors on May 20, 1979 marked Brother Rice's final memory on each member of the Class of 1979. It challenged them to develop and utilize the knowledge they had attained for the improvement of the future. The inspiring and beautiful ceremony, symbolized by the reception of diplomas, took place at Ford Auditorium in Detroit. It marked the completion of four years of diligent work, academic achievement, friendship and moral maturity all well apparent in the last graduating class of the decade.

The memorable experiences which the Seniors encountered with the faculty and other students during the last four years will linger on with them througout their lives. More importantly, they will be expressed in each Senior's effect on society, which they are now prepared to enter.

Finally, we chisel out the last page of what, we hope, is a work of art. As such a piece, we have tried to make this book not only reflect back what has occurred this year, but further serve as a medium for the mental recreation of many priceless moments spent in high school; moments which, at the same time, sculpted and polished us a bit in the process.

I would like to heartily thank all those who made this work a reality - Crane's Studios for their photographic assistance, Modern Yearbook for tolerating months of frantic inquires from a totally inexperienced staff, and the countless others, whom space does not allow us to mention, for their invaluable help. Top recognition should go to the Quest staff itself. They tolerated months of demanding and seemingly endless work and came out far ahead. I give them my wholehearted and perhaps belated praise. But behind every group of hard working individuals, some driving force must exist which encourages and consolidates their efforts. For the past five years, this force behind the Quest staff has been Brother William A. Dogan. But he has gone far beyond this role. His efforts have rendered works which are uniquely the students', yet shine more brilliantly from his own creative polish. We therefore dedicate this book to him in appreciation for his many years of devoted service both to the Quest and to the entire Brother Rice community. These efforts will be greatly missed. But they have left strokes of inspiring pigment in the protrait of Brother Rice which will always be valued.
